LB 772, 149, 508,
579, 615, 833, 846,
942

PRESIDENT: Any response, Senator DeCamp?

CLERK: No sir.

PRESIDENT: The question is the advancement of the bill.
Record your vote. Record.

CLERK: 30 ayes, 0 nays on the motion to advance, Mr. President.

PRESIDENT: The bill is advanced. The Clerk has some matters to read in.

CLERK: Mr. President, Senator Kremer moves to reconsider our action on final passage of LB 508. That can be laid over until Monday. Mr. President, your Committee on Education, whose Chairman is Senator Frank Lewis, to whom was referred LB 846 instructs me to report the same back to the Legislature with the recommendation it be advanced to General File with amendments. Mr. President, your Committee on Public Works, whose Chairman is Senator Kremer, to whom was referred LB 942 instructs me to report the same back to the Legislature with the recommendation it be advanced to General File with amendments, 149 indefinitely postponed, 579 indefinitely postponed, 615 indefinitely postponed.

PRESIDENT: We go to LB 653. The Clerk advises me that there are amendments to this bill. Senator Duis has one and he's excused. All right. We'll pass that one. We go to LB 833.

CLERK: Read title to LB 833. The bill was referred to the Miscellaneous Subjects Committee. It was advanced to General File. There are committee amendments pending, Mr. President.

PRESIDENT: Senator Dworak.

SENATOR DWORAK: Mr. President, colleagues, the fee for inspecting installations was \$40. The committee felt that this was too high. It was reduced in committee from \$40 to \$20. The committee unanimously agreed that \$20 was more reasonable. That is the extent of the committee amendments.

PRESIDENT: Senator Warner.

SENATOR WARNER: Mr. President, I was just going to further expand on Senator Dworak's explanation. That fee pertains only to the inspection of center pivot systems, which is done upon request, of the owner, by the agency. They currently charge by the statute only an \$8 fee, and that is it. Obviously that does not cover the cost of mileage, time or anything else. This gets the cost up to probably a more reasonable figure. In any event, it's upon application of the owner of the system, if any inspection is made at all.

PRESIDENT: Do you care to respond, Senator Dworak? The question is the adoption of the committee amendments. Record your vote. Record.

CLERK: 28 ayes, 0 nays on the adoption of the committee amendments, Mr. President.

PRESIDENT: The committee amendments are adopted. Senator Warner.
